## Schuyler, NE | Colfax County

## Community Conversation About Early Childhood Programs and Services

The Communities for Kids initiative was created in response to community requests for assistance with shortages of high-quality early care and education programs - shortages that both impact children's optimal development and pose a challenge for communities hoping to attract and retain the viable workforces they need to thrive.

Communities for Kids partners with communities' public and private entities to support and coordinate planning for access to high-quality early care and education for all children birth through age eight. These partnerships are customized to address each community's unique assets and needs - so each community can grow and prosper well into the future.
